

# GOVERNMENT JOBS' PORTAL

## 1. Project Overview

Many job seekers struggle to access verified local and international employment opportunities due to fraudulent recruitment agencies, fragmented job information, and the lack of trusted government-led employment services. The proposed **Government Jobs' Portal** addresses this challenge by providing a centralized, government-managed platform that connects citizens with verified job opportunities from accredited employers, licensed recruitment agencies, and international partners. Citizens can browse featured vacancies, register, pay an official government employment service fee into a designated government account, select their preferred country, and securely apply for jobs through a transparent, accountable, and efficient recruitment system.

## 2. System Architecture

### A. Public Landing Page

The landing page is accessible to everyone without requiring registration.

#### Navigation Bar

- Government Logo
- Ministry of Labour Logo
- Home
- Jobs
- Countries
- Employers
- Recruitment Agencies
- About Us
- Contact Us
- Login
- Register

#### Hero Section

**Headline:** *Connecting Citizens to Verified Employment Opportunities Worldwide*

#### Features

- Job search bar
- Country selector
- Job category selector

- Browse Jobs button
- Register Now button

## Government Notice

An official notice informing citizens that all job vacancies are verified by the government and accredited recruitment partners.

## Quick Statistics

- Available Jobs
- Registered Job Seekers
- Verified Employers
- Countries Recruiting
- Successful Placements
- Licensed Recruitment Agencies

## Featured Jobs

Display 10–20 verified vacancies showing:

- Job Title
- Employer
- Country
- Salary (if available)
- Employment Type
- Closing Date
- Apply Now button

Selecting **Apply Now** redirects users through:

**Register → Login → Government Payment → Dashboard → Apply**

## Browse Jobs by Country

Examples:

- Kenya
- Uganda
- Tanzania
- Rwanda
- South Africa
- United Kingdom
- Germany
- Canada
- Australia

- United States
- Qatar
- United Arab Emirates
- Saudi Arabia

## **Browse Jobs by Category**

- ICT
- Healthcare
- Engineering
- Education
- Agriculture
- Construction
- Hospitality
- Manufacturing
- Finance
- Government Jobs
- Transport & Logistics

## **How It Works**

1. Browse verified jobs.
2. Register an account.
3. Pay the official government employment service fee.
4. Apply and track your application.

## **Why Choose the Portal?**

- Government-managed and trusted.
- Verified employers only.
- Transparent recruitment process.
- Protection against recruitment fraud.
- Secure online applications.
- Local and international opportunities.
- Easy application tracking.

## **Partner Organizations**

- Ministry of Labour
- Public Employment Service
- Accredited Recruitment Agencies
- International Employers
- Foreign Embassies
- Development Partners

## **Success Stories**

Testimonials from citizens who secured employment through the platform.

## **Latest News & Announcements**

- Recruitment drives
- Government employment programs
- Labour agreements
- Application deadlines
- Career events

## **Frequently Asked Questions (FAQs)**

## **Contact Information**

## **Footer**

- Privacy Policy
  - Terms & Conditions
  - Help Centre
  - Contact Us
  - Government Website
  - Ministry Website
- 

## **B. User Registration**

Citizens register by providing:

- National ID/Passport Number
- Full Name
- Date of Birth
- Gender
- Phone Number
- Email Address
- County/Region
- Password

## **Document Uploads**

- CV
- National ID
- Passport
- Academic Certificates
- Professional Certificates

- Passport-size Photo
  - Cover Letter (Optional)
- 

## C. Login

Users authenticate using:

- Email
- Password

Authentication is secured using JWT.

---

## D. Government Employment Service Fee

Before submitting applications, users pay an official government employment service fee.

### Example Fee Structure

| Service                     | Fee       |
|-----------------------------|-----------|
| Single Job Application      | KES 300   |
| Monthly Employment Access   | KES 1,000 |
| Quarterly Employment Access | KES 2,500 |

### Payment Methods

- eCitizen
- Government Paybill
- M-Pesa
- Bank Transfer
- Visa
- Mastercard

Payments are deposited directly into an official government account. Once verified, the applicant gains access to the application portal.

---

## E. Citizen Dashboard

### Profile

- Personal Information
- Education
- Work Experience
- Skills
- Languages
- Uploaded Documents

### Job Search

Search using:

- Country
- Category
- Industry
- Salary Range
- Experience
- Employer
- Contract Type

### Job Details

Each job displays:

- Description
- Responsibilities
- Requirements
- Salary
- Benefits
- Employer
- Country
- Location
- Visa Requirements
- Closing Date

If payment has not been made, the system displays:

### Access Restricted

*"Payment of the Government Employment Service Fee is required before submitting an application."*

## **My Applications**

Track application progress:

- Submitted
- Under Review
- Shortlisted
- Interview Scheduled
- Medical Examination
- Visa Processing
- Accepted
- Rejected

## **Notifications**

Receive updates through:

- Email
  - SMS
  - Dashboard Notifications
- 

## **F. Employer Portal**

Verified employers can:

- Register company
- Submit vacancies
- Manage job postings
- View applicants
- Download CVs
- Shortlist candidates
- Schedule interviews
- Update application status

Employers must be approved before posting jobs.

---

## **G. Recruitment Agency Portal**

Licensed agencies can:

- Register

- Upload accreditation documents
- Publish overseas opportunities
- Manage applicants
- Upload contracts
- Update recruitment progress

Government verification is mandatory.

---

## H. Government Administration Portal

### **Dashboard**

Displays:

- Registered Citizens
- Active Jobs
- Verified Employers
- Recruitment Agencies
- Applications Submitted
- Countries Recruiting
- Revenue Collected
- Placement Statistics

### **Job Management**

- Add jobs
- Edit jobs
- Delete jobs
- Approve jobs
- Reject jobs

### **Employer Management**

- Register employers
- Verify employers
- Suspend employers
- Renew accreditation

### **Recruitment Agency Management**

- Register agencies
- Verify licences
- Suspend agencies

## User Management

- Approve citizens
- Suspend accounts
- Reset passwords

## Payment Management

- Verify transactions
- Approve payments
- Process refunds
- Revenue reports

## Reports

Generate reports on:

- Employment placements
- Jobs by country
- Jobs by sector
- Registered users
- Active employers
- Labour migration
- Revenue collection
- Application statistics

Reports can be exported as:

- PDF
- Excel
- CSV

---

## 4. Revenue Streams

The platform can generate revenue through:

- Government employment service fees.
  - Employer job posting fees.
  - Employer verification fees.
  - Recruitment agency accreditation fees.
  - Premium employer advertisements.
  - Career guidance services.
  - CV review and optimization.
  - Interview preparation programs.
  - Labour market reports and analytics.
- 

## 5. Recommended Technology Stack

| Component | Technology |
|-----------|------------|
|-----------|------------|

|          |                         |
|----------|-------------------------|
| Frontend | React.js + Tailwind CSS |
|----------|-------------------------|

|         |                                |
|---------|--------------------------------|
| Backend | Django + Django REST Framework |
|---------|--------------------------------|

| Component | Technology |
|-----------|------------|
|-----------|------------|

|          |            |
|----------|------------|
| Database | PostgreSQL |
|----------|------------|

|                |                                 |
|----------------|---------------------------------|
| Authentication | JWT + Role-Based Access Control |
|----------------|---------------------------------|

|          |                                                 |
|----------|-------------------------------------------------|
| Payments | eCitizen, M-Pesa (Daraja API), Visa, Mastercard |
|----------|-------------------------------------------------|

|              |                      |
|--------------|----------------------|
| File Storage | AWS S3 or Cloudinary |
|--------------|----------------------|

|               |                                         |
|---------------|-----------------------------------------|
| Notifications | Email, SMS, Firebase Push Notifications |
|---------------|-----------------------------------------|

|            |                                                                     |
|------------|---------------------------------------------------------------------|
| Deployment | React (Vercel), Django (Render/Railway), PostgreSQL (Supabase/Neon) |
|------------|---------------------------------------------------------------------|

---

## 6. Future Enhancements

- AI-powered job matching based on qualifications, experience, and preferred destination country.
  - AI CV analysis with personalized recommendations.
  - AI-generated cover letters tailored to job descriptions.
  - AI interview preparation and mock interviews.
  - Integration with immigration and visa processing systems.
  - Digital verification of academic and professional certificates.
  - Mobile applications for Android and iOS.
  - Labour market analytics dashboard for government planning.
  - Multilingual support for broader accessibility.
- 

## 7. Conclusion

The **Government Jobs' Portal** provides a secure, transparent, and centralized digital platform that enables governments to connect citizens with verified employment opportunities while eliminating recruitment fraud. Through government oversight, employer verification, secure payment processing, and comprehensive application management, the platform strengthens public trust, improves labour market efficiency, and supports national employment and international labour mobility. It also provides valuable employment data to inform policy decisions and enhance workforce development.
